

## **A Million More**

### **Verse 1:**

With someone like you  
I don't need no more  
You're a super star in my eyes baby  
And only your smile can make me so...  
Don't ever hide it from me - no  
I guess I knew it all along  
that I would write this in a song

### **Chorus:**

Hey you  
I love you a million more  
and I hope you know that I won't let go  
You make me wanna shout it  
Hey you  
I love you a million more

### **Verse 2:**

I know that you get a little insecure  
but you don't have to worry  
The look on your face says it all  
when I do something stupid  
Cause baby there is nothing wrong  
to find the place where we belong

### **Chorus:**

Hey you  
I love you a million more  
and I hope you know that I won't let go  
You make me wanna shout it  
Hey you  
I love you a million more

### **Bridge:**

You can take the highs  
I can take the lows  
Together down the road hand in hand we'll go  
We can hide away, whenever we want  
and I will stay right here, I'll keep you warm

But baby there is nothing wrong  
let's find the place where we belong

Cause after a million years...

### Chorus:

Hey you

I love you a million more

and I hope you know that I won't let go

You make me wanna shout it

Hey you

I love you a million more

You're one in a million years baby

You're one in a million years baby

You're one in a million years baby

You're one in a million years baby

And I don't think I'll make it, I can't take it whenever she's around  
Aiming at the target, with her arrow, she keeps knocking me down

### Chorus:

It tears me apart

that she can't even see me

Where do I start

cause she don't even know me

She's off the charts

The way she's walking by it's like a shot to my heart

### Bridge:

If I could, then I would

Let you feel my heartbeat

I don't mind, I'm the kind who

live for every moment

The way I see, it's you and me

but baby you don't know it

We can never ever go wrong
