

Cold As Ice

Verse 1:

Where do I go
If it ain't your love
If it ain't our love
I am waiting for
Cause I don't know You
like I use to
And I'm used to
pulling through with you

I've been driving for hours now
Can't get you off my mind
Yeah I can be bad sometimes
but you are cold as ice

Chorus:

You are cold as ice

Verse 2:

All these white lies
never fly right
You know I try
but I can't get through
Always have been
going all in
But now I'm falling
out of love with you

I've been driving for hours now
can't get you off my mind
Yeah I can be bad sometimes
but you are cold as ice

Chorus:

You are cold as ice

Bridge:

No one's ever made me
fall in love then cut me off on the same day

Smiles so bright, her eyes so nice
and the way she walks around in golden light
She's hot like fire but cold as ice
We've both been bad babe let's make it right

I've been driving for hours now
Yeah I can be bad sometimes
but you are cold as ice
