

Hold You Now

Verse 1:

Let's sit down
Stop talking
I know we're struggling
Can we?
I wanna go back to the way we were before

Stupid fights
No ones right
When we turn off the lights
Why do we fight so bad all the time when all I wanna do is

Chorus:

Hold you now
In my arms
and stay for ever
Hold you now
I won't go - and leave you stranded

Verse 2:

All we had
Was in the the moment
So much joy
and now we're broken
Can we?
I wanna go back to the way we were before

We were good, you and I
but it changed on the fly
why do we fight so bad all the time when all I wanna do is

Chorus:

Hold you now
In my arms
and stay for ever
Hold you now
I won't go - and leave you stranded

Bridge:

It don't have to be perfect
it just needs to feel right
And I will give it all for one last try
this don't have to be goodbye
