

Inside My Radio

Verse 1:

The grass is greener and nothing seems to block my way
and I see clearer, living life from day to day
The music's playing and I know each and every word
so I keep swaying driving in my Firebird

Chorus:

There's a voice inside my radio
and she's singing out to me
she says I love you
she says I love you
And I know she's talking straight to me
cause there ain't nobody else
she says I love you
she says I love you

Verse 2:

There ain't no problems
without answers to be found
when you're at the bottom
You can always turn around
So live your life in the fast lane
there is no way you can lose
So I keep swaying
going anywhere I choose

Chorus:

There's a voice inside my radio
and she's singing out to me
she says I love you
she says I love you
And I know she's talking straight to me
cause there ain't nobody else
she says I love you
she says I love you

Bridge:

And I want this day to last forever

forever more on and on
so I just keep on doing whatever
until the day fades away
fades away
