We Are Who We Are

Verse 1:

Across the sky lightning strikes
A thousand miles to the boulevard
And I heard your voice screaming out
No stupid wish on a shooting star

You didn't know you were tearing us apart

Chorus:

And into the dark
you're the one who can hurt me
but we are who we are
And these battle scars
they will always stay with me
but we are who we are

Verse 2:

The time is never on our side
and we shield ourselves only to survive
and I hear you screaming out loud
and I hear your voice filled with pride
and that's the reason why I stepped aside

You didn't know that you were tearing us apart

Chorus:

And into the dark
you're the one who can hurt me
but we are who we are
And these battle scars
they will always stay with me
but we are who we are

Bridge:

We are who we are we are
You ain't sorry
you can hurt me
We are who we are
